A Coffee Morning followed by a
Talk and Slides on Moorish Spain
by
Jocelyn Brookes**

Once again Jocelyn Brookes came to our coffee morning and gave a wonderful talk about Moorish Spain. Some of you will remember her talk on The Wild West! Moorish Spain was just as wonderful.

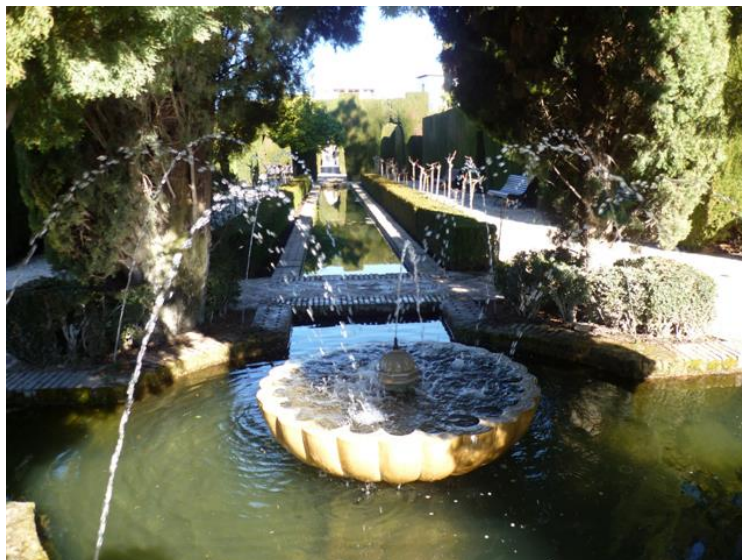

Jocelyn was very informative about the history of Moorish Spain and the enormous influence the Moors had on European culture and learning, with some super pictures to whet our appetites for any visit to Spain.

Many of you have requested that she comes again for another talk. Perhaps next year with a topic about Turkey.

Included some pictures sent by Jocelyn Brookes.

Thanks to Janet Bates for the article and Jocelyn for the photographs.
