

# **Forum Footsteppers Country Walks Programme**

## **May to October 2017**

### **IMPORTANT INFORMATION**

- 1) As it is not possible for the walk leaders to check each walk prior to the issue of this programme, I would ask all members participating in the walking group to contact the designated walk leader for more detailed information and likely walking conditions for each walk. This will enable you to judge whether you consider the walk suitable to your physical abilities and to confirm whether you wish to participate.**
- 2) Suitable clothing and footwear must be used for these walks especially in winter months.**
- 3) We will endeavour to supply transport for those walkers without their own cars but would ask you to provide reasonable notification to the walk leaders to enable them to make the necessary arrangements. As fuel costs continue to rise we would suggest car sharing wherever feasible and for those travelling as passengers to make a contribution towards travel expenses.**
- 4) Should you encounter any problems contacting the walk leaders please contact the walks co-ordinator Terry Wray on 01653 693635.**
- 5) All walks commence at 10:30 am unless otherwise stated.  
Where bus services are used please check times with walk leader.**

### **WALK SCHEDULE**

|                             |                      |  |
